

The TOKA logo features the word "TOKA" in a blue, serif font, centered within a white circle. The circle is flanked by two yellow curved lines, one above and one below the text.

TOKA

The background of the cover features a blurred image of various mechanical parts, including cylindrical components and a pump mechanism, set against a white background. The image is partially obscured by a dark blue diagonal band and a yellow triangle in the bottom left corner.

PARTS FOR CHAIN
SAWS AND OUTBOARD
MOTORS

OUR HISTORY

Toka was established in 1992. Our first business was importing replacements parts for wholesale companies that sell and repair small engine parts in Colombia and its neighboring countries in South America. The initial products sold were a wide range of parts for motorcycles, chainsaws, mowers and outboard motors used in commercial applications. In twenty one years Toka grew due to our quality products, very competitive pricing, wide availability of parts, plus our responsive and timely customer service. The company's growth resulted in expanding our headquarters by adding a second office in The United States to complement our Colombian roots. Serendipitous events and market analysis resulted in our adding an additional industry to our service base. Toka now supplies the cosmetic and cleaning products industry with various stock and custom packaging materials including design services if requested. Products include tubes, sprayers, dispensing pumps, bottles and caps of numerous sizes, designs and compositions for cosmetics and home cleaning products.
